

McMaster University Faculty Association

Policy on Financial Support of External Appeals

MUFA may, if its Executive decides acting in its sole discretion, and subject to the extent financial resources permit, extend financial support (limited to the *per diem* amount provided to CAUT counsel) to MUFA members for legal representation in venues outside of University or CAUT-based appeal procedures. This will **only** be considered in cases where:

- (i) the external appeal is a direct consequence of an internal appeal;
- (ii) the external appeal is launched subsequent to completion of the University or CAUT process; and
- (iii) the Executive is convinced, on the basis of material provided by the appellant, that the appeal deals with procedural or general policy issues that would have an impact on members of the Faculty Association.
