Clearing Saved Password in Firefox

1. Open Mozilla Firefox.

2. Click on the icon with three horizontal lines in top right window and select Options.

3. Click on Security.
4. Click on Saved Passwords.

5. Click on Show Passwords to see passwords you have saved.
6. To remove a saved password, select a site and then click on Remove.

7. Click on Close.
Logins for the following sites are stored on your computer:

<table>
<thead>
<tr>
<th>Site</th>
<th>Username</th>
<th>Last Used</th>
<th>Last C...</th>
</tr>
</thead>
</table>

[Buttons: Remove, Remove All, Import..., Show Passwords, Close]
