

GETTING TO OPEN STREETS HAMILTON: McMASTER EDITION

We encourage you to use alternative modes of transportation wherever possible:

WALK – The event trajectory starts at Sterling St/Dalewood and weaves through Campus. See the map below for the full trajectory.

RIDE – Hamilton is home to many wonderful bike paths. This event is accessible using both the Waterfront Trail and the Hamilton Rail Trail. Visit Hamilton.ca/cycling for more details

ROLL – The HSR will be following an alternative route to accommodate for our Open Streets event, however you can still be dropped off within a 5-10 minute walk from the event. Visit Hamilton.ca/HSR for more details

For those for whom walking, biking or taking the bus is not an option, we will be providing *FREE PARKING* in **Lot I**. In order to access this lot, you will need to use the Main St/Children's Hospital entrance (see map below). Parking attendants and signage will be available to help guide you towards **Lot I**.

For comprehensive directions on how to drive to McMaster, please visit:
